## **Mobile APP – ANGRAU KVK BANAVASI CFLD**

**KVK, Banavasi situated in the Yemmiganur mandal of Kurnool District works under Acharya NG Ranga Agricultural university. It's operational area is in the Western parts of the 25 mandals in Kurnool district. In the operational area predominantly pulse crops like redgram, bengalgram, blackgram and oilseed crops like groundnut, castor, safflower are being grown in red soils under rainfed agriculture.**

**KVK, Banavasi has developed an mobile app “ANGRAU KVK Banavasi CFLDs” to cater the information needs of above crops which covers aspects like Crop Production, Varietal information, Crop Protection and Marketing information on Oilseeds and Pulse crops along with market information. In addition to that it also provides other useful information and useful apps in agriculture and allied sectors. This application is available in Google play store in the name of ANGRAU KVK BANAVASI which can be downloaded free of cost and make use for achieving higher production and productivity.**
