D.O. No. 3-101/2018-AHT(RGM)

Dated : 20th September, 2018

Dear Dr. Singh

As you are aware that under Krishi Kalyan Abhiyan Phase - I, three Animal Husbandry Activities viz. FMD Vaccination, PPR vaccination and Artificial Insemination were included covering 25 villages in each of the 112 aspirational Districts.

2. In this regard, for Artificial Insemination, a target of 100 bovines had been fixed per village. From the feedback received from the nodal officers of the programme, it was observed that 100 breedable bovine population is not available in every village of Aspirational Districts. Further, they have informed that in majority of the villages, animals were let loose for grazing during the day which makes heat detection difficult and therefore animals were not available for A.I.

3. States have sent the district wise availability of bovine population and requested to revise the target.

4. Hence I request you to revise the target for A.I as 246908 animals (Revised District -Wise targets given Annexure) against 279500 animals @ 100 animals per village (2795 villages) on the KVK portal.

With Best regards.

Yours sincerely

(Mihir Kumar Singh)
